WHAT IS THE SCHEDULE OF THAT CLASS TRAINING?

The OPERATION & CONTROL Training lasts 3 Days. We`ll start on Tuesday morning at 09:00 with a fresh „Moin" and on Thursday afternoon around 16:00 it`s time to wave our hands and saying „Tschüss".

WHEN ARE NEXT CLASS TRAINING SESSIONS IN 2026?

o   Please get in touch with us (*training@designa.com*) to get the dates

WHERE DOES THAT CLASS TRAINING TAKE PLACE?

In Kiel! Way up on the map in beautiful Schleswig-Holstein. In a training room specially set up for these kind of training courses, participants can concentrate on the content. The fact that the participants are detached from day-to-day business underlines the focus and supports the transfer of knowledge.

WHICH ARE THE TARGET GROUPS?

DESIGNA Employees. Starters as well as Experienced ones which needs to get familiar with latest versions of different Applications such as WinOperate | WinTariff | WebReport.

HOW MUCH IS IT TO TAKE PART?

We will be happy to tell you about the costs for a power user training - please send your request to training@designa.com - if you wish, we will be happy to make you an individual offer.

WHICH TOPICS WILL BE COVERED?

We have completely restructured the training content - please find the details on the next page.

WHAT MEANS „DESIGNA BLENDED LEARNING"?

All training content is supported by digital hand-outs, web tutorials, individual checklists, e-courses and online surveys. Participants of a class training course continue to have access to the digital content even after the face-to-face event. DESIGNA Blended Learning – the best of both worlds!
